

Activities 2019-2020

Action Pistol Shooting

Learn how to handle an authentic replica firearm (airsoft) in a safe learning environment, practice for a while, then test your skills against the clock.

Full instruction and safety gear will be provided for all participants.

Carnival Mode

Re-live the fun of an old-school fairground shooting gallery, with a variety of knock down targets. Depending on the size of the group and activity level we can make this event a static challenge focused on accuracy (also suitable for disabled guests), or we can incorporate movement to add an additional challenge. Suitable for all ages.

Pricing

4 people	\$25pp	Approx. 45 min. session*
5-10 people	\$23pp	Approx. 75 min. session*
11-30 people	\$20pp	Approx. 120 min session*

*includes training and practice

Tactical Mode

For more advanced groups we can offer full movement IPSC style courses of fire including moving targets, different shooting positions, use of cover, strong hand / weak hand drills, obstacles including barricades and doors, fully scored and timed against the clock. We can set up a wide range of tactical scenarios including themes like "Hostage Rescue", "Ambush", "Saloon Shoot Out", etc.

This activity is more suited to advanced players and graduates of our Carnival Mode activity. It may involve assuming kneeling or prone positions and movement across uneven terrain.

Suitable footwear is required.

Pricing

4 people	\$40pp	Approx. 45 min. session*
5-10 people	\$35pp	Approx. 75 min. session*
11-30 people	\$30pp	Approx. 120 min session*

*includes training and skills assessment
